Kramer Master Tape from Waves is a plug-in that models the audio characteristics of a vintage 1/4" reel-to-reel tape machine. The plug-in provides the usual . WAVES KT from Waves is one of the most popular master tape emulations in the world. It has taken a little time for the Waves community to come to grips with this fantastic product, and I am very happy about that . Kramer Master Tape from Waves in WAVES There's so much to like about Kramer Mpx Master Tape, but the first thing that really impressed me about it is the overall warmth and musicality of the sound that it creates. Even on its 7.5-second delay setting, which is its default setting, it's a pleasant addition to any mix. The algorithms that create the illusion of a pair of tape machines have been fine-tuned, and that's the key. Even on its low-end settings, which produce a slower tape speed than the tape speed at Kramer Master Tape from Waves in WAVES Master Tape. The combination of Waves KT and Kramer Master Tape is a match made in heaven. The plug-in comes from Waves, who have their own in-house analog tape emulator, and has been developed by Eddie Kramer who is a legend of drum kit construction and is responsible for the manufacture of Roland's TR drum-sound processors. Waves KT from Waves is a unique plug-in in the world of WAVES. Felixible onboard delay, natural echos, reverb and a huge variety of settings... Kramer Master Tape Audio Toys is a computer-based plug-in (www.Mastertape.net). Kramer Master Tape from Waves is a plug-in that models the audio characteristics of a vintage 1/4" reel-to-reel tape machine. The plug-in provides the usual . KT and Emulation by Kramer sound good, but to be honest, it doesn't recreate anything the way tape sounds should sound. This plug-in is not good for de-essers of any kind. The percussion sounds are repetitive, "lacking in punch," and phaser effects come through oddly. Not the way a tape would sound! You can use. Waves KT from Waves is a unique plug-in in the world of WAVES. Felixible onboard delay, natural echos, reverb and a huge variety of settings...
