the film is a tale of two brothers who come from the same village, have the same parents and live together. ramcharan is a rogue, fond of doing things which have consequences. he then comes across a child, who is a mute and has a strange habit of using the same word over and over again. ramcharan takes care of the child and teaches him things. the child is played by the actor sai pallavi, who is the real life son of actor rajinikanth. the movie is a tribute to rajinikanth, and sai pallavi, who plays a mute child, is his son. this was the first time that sai pallavi played a mute child. he is a child prodigy who can speak fluently in different languages, and is a gem on the silver screen. thani oruvan was released on november 10, 2015, and went on to become a massive hit, grossing close to rs 150 crore and becoming the biggest hit of the year. the film was also critically acclaimed and won several awards, including national film award for best popular film providing wholesome entertainment, national film award for best direction, national film award for best actor, filmfare award for best actor, filmfare award for best actor- negative,
